

SCOTTISH EXECUTIVE

Regional Selective Assistance Scotland Grant offers accepted July – September 2005

Regional Selective Assistance Scotland

Grant offers accepted July - September

Regional Selective Assistance (RSA) is the main national scheme of financial assistance to industry. It provides discretionary grants to investment projects that will create and safeguard employment in the Assisted Areas – areas designated for regional aid under European Community law. It is operated by the Scottish Executive's RSA Scotland unit. Businesses of all sizes can apply for RSA, whether they are local or foreign-owned.

The attached table details the RSA offers accepted in the 3 months to end September 2005. In this period 35 businesses in Scotland accepted RSA grant offers totalling over £15 million. These offers relate to projects with planned investment of over £60 million, aimed at the planned creation and safeguarding of over 1,900 jobs.

Payment of RSA is made in instalments, typically over several years as job and capital expenditure targets are met. Not all projects will proceed, and nor do all accepted offers result in full payment, as projects are sometimes scaled down or abandoned before payments are made. The figures quoted in the tables, therefore, represent the maximum grant potentially payable if the project is satisfactorily completed, and **not** the amount actually paid to date. All job numbers given in this report are firms' forecast figures, and are subject to change depending on future economic conditions and other factors affecting the businesses concerned.

For more information on RSA go to www.rsascotland.gov.uk, or contact:
